## Laser Cassette Printer

JQ-EMR560P

JQ-EMR560

JQ-EMR830

JQ-EMR840

**Intended Use** 

Jinguan Laser Cassette Printer (hereafter in as Printer) is an instrument for

hospitals and/or research institutes to label tissue embedding cassettes, to

identify, sort, trace, retrieve, to store the relevant specimens, as part of a

bar-code based workflow management system.

The Printer offers permanent indelible marking on tissue embedding cassettes

with texts, linear and 2-dimensional barcodes, and logos throughout the life

span of the cassettes.

For In-Vitro Diagnosis only. For professional use only.

**Applicable scenario:** 

Laser Cassette Printer (JQ-EMR560P, JQ-EMR560, JQ-EMR830, JQ-EMR840) is

applicable for where process tissues as specimens, carried on in tissue

embedding cassette, in histopathology, oncology, forensic analysis, biology, etc.

The validity period of the printer: 5 years

Warranty: 2 year

Cassette				The state of the s
Computer	NO	Yes	Yes	Yes

#### II. Precaution

- 1, Do not remove the magazine and collector when the printer is working
- 2, Avoid eye or skin exposure to direct or scattered radiation
- 3, When the collector is jammed, please restart the printer or reset it by pressing the green button.
- 4, When the collector is full, the printing will halt automatically. Please remove one or whole printed cassettes to resume.
- 5, The printer should be working in a stable 15-30 Celsius environment temperature.

- 1. "Caution use of controls or adjustments or performance of procedures other than those specified herein may result in hazardous radiation exposure."
- 2. The performance parameters of the laser used in the product are as follows:

Laser wavelength: 355nm±1nm Laser operating mode: Pulse type

Laser pulse width: 8ns

Laser repetition frequency: 20KHz

Maximum average output power of laser: >1.2W

#### Class I laser products

Manufacturer's name:
Guangdong Jinquan Medical Technology Co., Ltd
Manufacturer's and Manufacturing address:
Room2001, Building C, No.2 Gongyesi road, Xitou,
Songgang Street, Bao'an District, Shenzhen
Production time:September 2022
Made in China

Complies with 21 CFR Chapter 1, Subchapter J.

#### III. Technical Datasheet

	JQ-EMR560P	JQ-EMR560	JQ-EMR830	JQ-EMR840
Dimensions(mm) (L x W x H)	560 x 420 x 460	560 x 420 x 460	510 x 300 x 366	490 x 330 x406
Net Weight(kg)	45	40	30	45
Voltage(V)	90 ~ 240	90 ~ 240	90 ~ 240	90 ~ 240
Frequency(Hz)	50 ~ 60	50 ~ 60	50 ~ 60	50 ~ 60
Input power(W)	350	350	350	350
Laser Power(W)	1	1	1	1
Work Noise(Db)	≤65	≤65	≤65	≤65

Magazine				
loadability	80	80	80	75
(cassette)				
Number of	6	6	6	4
magazines	0	0	0	4
Collector				
loadability	150	150	N/A	N/A
(cassette)				
Print Speed	3	3	3	3
(second/slide)	3	J	3	3
Resolution(dpi)	500	500	500	500
Model of fuse	F6AL 250V,Fast, 250V, 6A, -20℃~80℃			

The loadability varies for different cassettes; the speed and productivity vary based on the printing contents, and on-demand or continuous printing model.

#### **IV. Installation**

1. Connect the printer to the computer, and turn on the power;

⚠ Please make sure the antivirus software is inactivated or turned off. Turn it on to scan after the following installation is done.

If the above is ignored, the installation will fail. And repeat the installation

#### steps step 2 to 4 again.

- 2. Plug the USB stick into the computer, and copy the compressed file to any hard disk of the computer, decompress the file, re-name it, as per your favorite;
- 3. Find GodingMachineMain.exe and send it to the computer desktop, re-name it such as Cassette Printer as per your convenience;
- 4. Install printer drivers:

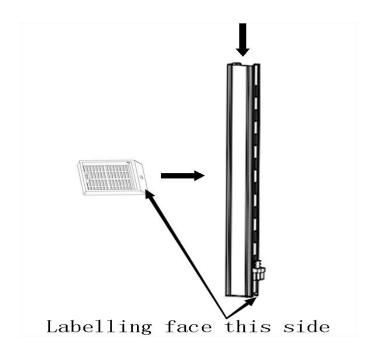

If the printer is connected to the computer successfully, leave it and follow up below.

- JQ-EMR560P: The software has been installed on the touchpad. Connection to a computer same as above mentioned provides an alternative operation platform.
- Here the computer means an independent computer and/or a computer integrated into LIS /HIS system.

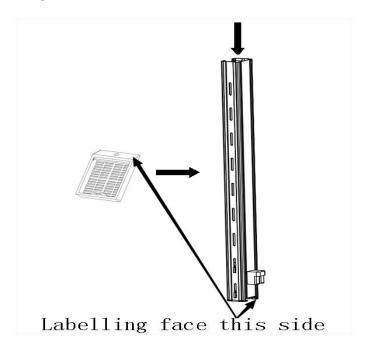

#### V. Load and unload the cassette

1. Load cassettes into the cartridge:

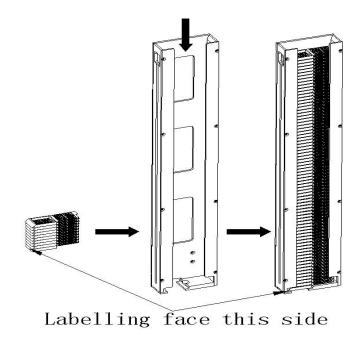

JQ-EMR560 and 560P (the angle's direction is center-facing)

JQ-EMR830 (the angles' direction is clockwise)

JQ-EMR840 (the angles' direction is clockwise)

2. Unload cassette from a collector:

## JQ-EMR560 and 560P and 830:

N/A

## JQ-EMR840

# VI. Printing

1. Back to desktop, and follow up:

To add, delete, modify new user(s) by **admin( Password: jq1223)**, user(s) can change the password(s) at

2. Refer to section 4 of article IV (installation), the below panel (in the bottom left corner of the software interface) shows the printer is properly connected to the computer:

199224234248129219

The equipment number is unique to each printer which is the identification number of each printer.

3. Load the template and data (Print background data)

- Template(s) have been created as per request beforehand. If not, please contact us or a local distributor.
- 4. Add the information that needs to be printed on this interface

 $\rightarrow$ 

Input PathologyNum manually, and

7 Add Print and

**Congratulations!** You have done printing.

### **MAG NO interpretation:**

### Magazine NO:

- 0—randomly load cassettes from available magazines
- 1—assign the cassette from magazine No. 1

• • •

## VII. Regular maintenance

Weekly maintenance

- 1. Loading and unloading portals clearance
- 2. Laser lens clearance
- 3. sensors clearance
- Monthly maintenance
- 1. lubricate the motion mechanisms
- 2. Internal thoroughly clearance

#### VIII. Alarm and exclusion

NO.	causation	Alarm (buzz/beam) 2 seconds: L 1 second: S Beaming: F Time gap: - ,	Exclusion
